Dear Sir/Madam,

Warm greetings from Institut Teknologi Sepuluh Nopember (ITS) Surabaya, Indonesia.

ITS as one of the best research universities in Indonesia would like to invite your students, academic, and non-academic staffs to participate in the Community and Technological Camp (CommTECH) Camp Insight 2018 which will take place in Surabaya Indonesia on **24 January – 6 February 2018**. Designed as a platform to discuss and solve local problems, we modified this program into a 14-day program integrating new concepts and innovations. The participants will be challenged to critically solve real problems using a project based model. The results of this program will not be presented at the exhibition during the closing but will also be implemented by the Surabaya City government.

CommTECH program is a short course program designed to facilitate and share better understanding of complex issues related with the intertwining of societal and technological problems, especially in Indonesia. It is also a platform to open up an opportunity to exchange ideas and to develop a mutual vision for the future of our community. Under the theme, "Solving Local Problems with Global Knowledge", this program provides courses and discussions on particular topics, visitation and discussion with government and non-government agencies, society engagement, Indonesian Language courses, learning traditional music and dances, visit to main tourist destinations, and for sure tasting delicious Indonesian food.

The good news is ITS provides full and partial scholarships for participants from different institutions and countries to join this program.

Detailed information and online registration can be viewed and downloaded from our website:

<http://international.its.ac.id/commtech-insight-2018/>

For CommTECH Camp Insight 2018 we offer 4 courses

Sub Course A: Sociopreneurship in Action

The world is continuously facing problems from poverty, health, and climate change which cannot be solved by the government alone. Increasingly, business is seen as one of the initiatives that can drive social changes on a continuous basis. This short program will not only introduce participants to the concept of social enterprise but will also provide experience on how to build a social enterprise. The program will cover important aspects of creating a new venture by generating ideas, brainstorming and prototyping, validating and testing the idea, and developing the right business model

Sub Course B: Sustainable Development in Developing Countries

In this decade, Sustainable Development (SD) has become a growing concern all over the world. Not only become a topic in many conferences, symposiums, and discussions, SD has also become the core of many programs and development projects. In CommTECH Camp Insight 2018, the multiple facets of SD will be discussed and the implementations of SD in developing countries like Indonesia, including sustainable agriculture, sustainable energy, sustainable transportation, sustainable building, sustainable tourism, sustainable life style, sustainable packaging, and sustainable product, will be explored and analysed. This program is designed to suit bachelor, master, even doctoral students with or without specific knowledge in SD.

Sub Course C: Managing Sustainable Coastal Development

The coastal area is a transitional area between land and ocean that has a physical boundary. As the largest archipelago country in the world, Indonesia's coastal areas are very strategic with their comparative and competitive advantages that could be the prime mover of the national development. To optimize the use of marine and coastal resources, policy intervention through spatial planning, government handling, and cooperation between stakeholders including public and private sectors are required. In CommTECH Camp Insight 2018, this sub course will take participants to discuss and simulate the management of coastal planning this archipelago country. The highlights in this subject consist of Coastal Planning Policies, Integrated Coastal Zone Management (ICZM), Coastal Risk Management, and Coastal Tourism. This program is designed to suit bachelor, master, even doctoral students with or without specific knowledge in coastal development and planning.

Sub Course D: Exploring Indonesian Art & Culture

Indonesia is a country that consisted of thousands of islands. Those islands are home of many kinds of ethnics and cultural beliefs. Approximately, there are 1340 ethnics spread across the provinces and each of them has different folkways, habit, even arts and traditions. Because of this diversity, exploring the ethnics & cultures of Indonesia will provide exciting and fascinating experience as participants will give more understanding about Indonesia. This sub course will take the participants to explore the folkways and cultures through different approach such as understanding Indonesia people through ethno-photography course while taking pictures of beautiful scenery of Indonesia. Not only participants will observe and explore, they will also engage to several activity, such as Traditional Food Packaging and Traditional Toys Workshop. Overall, this program will show you the utilization of the activity above into the society.

Only active lecturers, non-academic staffs & active bachelor, master & doctoral students from any background are eligible for this program.

The fees of this program is USD 1,600. The fees will cover accommodation, local transportation, tuition fee, workshop materials, seminar kits, scheduled meals, Trip to Bromo Mountain, Rafting, airport pick up & drop off services, and vouchers, The participants must be responsible with their roundtrip flight ticket, visa & travel insurance.

We offer full scholarship, 50% scholarship (pay only USD 800) & partial scholarship (pay only USD 1,000) for limited participants. Please register early to secure your participation in this awesome program.

The registration will be opened from 10 July – 29 December 2017.

About CommTECH

Continuing the success of 2012 to 2017, this time Community and Technological (CommTECH) Camp, this time ITS again offers a very fascinating program for international partners namely CommTECH Camp Insight 2018. This program provides four sub courses on **Sociopreneurship in Action, Sustainable Development in Developing Country, Managing Sustainable Coastal Management, and Exploring Indonesian Art**. Not only thematic courses, the program will incorporate Indonesian language course, traditional music and dance classes, and batik making. Tasting delicious Indonesian foods and visiting Surabaya community and main tourist destinations will definitely become inseparable parts of the program.

All courses are designed attractively based on Project-based-Learning (PbL) method. Materials have been compiled from many credible resources and added with interesting data and facts that will provide broader and deeper understanding on the topics. "Think Loudly" is a term encouraged in the classroom interaction, in which participants are given great opportunities to articulate their understanding and opinions. This method would provide best learning environment for participants from different countries and background to raise ideas and discuss different perspectives.

This program will be held for 14 days. The fee to join this program is very affordable, i.e USD 1,600. The fee will cover airport pick-up and drop-off, accommodation and all scheduled meals; local transportation; course material; workshop tools and materials such as fabrics, T-shirt and backpack; and site visits. Please note that round-trip flight and health insurance are not part of the fee. Participants should arrange their own health insurance prior to the departure if needed.

About Surabaya

As the second largest city in Indonesia and the capital city of East Java province, Surabaya is well-equipped with public facilities and infrastructures. Surabaya with a population of over 2.7 million is located in the equatorial region. Hence there are only two seasons: a very humid rainy season and a dry season. Surabaya is the main seaport and commercial centre in the Eastern region of Indonesia. Surabaya also known as "City of Heroes" due to the importance of "Sepuluh Nopember (10th of November)" battle during Indonesia independence war.

Surabaya is a multi-ethnic and multi religion city. It is very vibrant city that offers dynamic life style. In addition to Indonesian language, the majority of residents speak a dialect of Javanese called "Suraboyoran". English is also widely spoken at major shops, hotels and universities.

Surabaya is also famous for many landmarks such as Tugu Pahlawan (Heroes Monument), Suro and Boyo Statue (Surabaya City's Symbol), Suramadu Bridge (the longest bridge in Indonesia), and many more.

Insitut Teknologi Sepuluh Nopember

Being one of the best universities in Indonesia, the vision of Institut Teknologi Sepuluh Nopember (ITS) is to be an innovative research university with international recognition. ITS, which was founded in 1961 and consists of 10 faculties, offers courses and research in science and technology. Currently ITS has more than 22,000 students, 1,000 academic staffs, and 1,000 non academic staffs. Located at Eastern area of Surabaya, ITS occupies a large area totaling 180 hectares as its main campus in Sukolilo.

ITS is prominent to provide excellent scientific activities, pleasant natural life environment, very friendly atmosphere, and enormous community spirit. Working together with national and local government, industries, NGOs, community, and all stakeholders including alumni, ITS carries out strategic programs such as integrated internationalization programs, Lab-based-Education (LBE), technopark, eco-campus, comprehensive research and community outreach.
